ABOUT US

Founded in 2003, Multitech Audio Visual LLC is a pioneer in digital signage and video wall solutions in the UAE, having years of experience in designing and delivering customized audio visual integration solutions to clients in the Middle East and Africa (UAE, Qatar, Saudi Arabia, Jordan and Nigeria). Our service expertise clientele span across a wide range of industries including:

Corporate & Government

Healthcare Facilities

Schools and Universities

Shopping Centres & Malls

Hotels & Hospitality Venues

Rental Segments

Turnkey Projects- from Consultation, Engineering, Installation to post-sales support, we are exclusive channel partners for the best AV & Digital signage suppliers from Europe, UK, USA, Taiwan and Korea. Our carefully chosen range of quality products makes us one of the leading audio visual solutions providers in the UAE.

We stock and supply a range of different products in the field of Audio and Video which caters a range of different requirements. With our constant efforts for achieving a better quality of products and services, we are considered one of the most trusted and reliable companies.

With our decades of experience and insight into the client requirements, our in-house technical team, designers and Engineers can efficiently handle complete solutions for any kind of AV projects. Getting our clients message across is our top priority. Whether it is a Fortune 500 company or a small enterprise.

We offer exclusive service agreements to our discerning clients. At Multitech, we believe in building a good and long term relationship with our clients and we always listen to their needs and suggestions.

AUDIO VISUAL SOLUTIONS

We are specialist AV integrator providing clients with professional solutions to meet their needs. Our experience creates a customized system, for our clients, that best meets their requirements and fits with the plans for the future.

INDOOR & OUTDOOR LED VIDEO WALL

Outstanding quality :

We provide the best quality products from the manufacturer you can trust.

Competitive price :

We offer products at a prices that will save your money on small or bulk purchases.

BEYOND VIDEO CONFERENCING

Integrated with state of the art cameras, display, audio controls, our video conference solutions are built for ease of use. A web-conferencing solution tailored for companies of all sizes looking to host webinars, online classes, live conferences, or remote meetings. We provide and support all the advanced tools of business communication with advanced yet simplified features such as control panels with one-touch operation. We have removed the need for the technical know-how and extensive training to use the systems we provide.

Perfect for education and enterprise organizations alike, we have ideal presentation systems with advanced but easy to use audio and visual tools to accommodate a large number of participants.

INTERACTIVE MEDIA / TOUCH SCREEN KIOSKS

Powerfully innovative touchscreen signage in sizes from 10" to 98". Our commercial grade interactive displays are designed to captivate the audience. From interactive in-store displays to Kiosks, our touch-displays create high-impact experiences.

Interactive Kiosks : Combine the information with interactive infotainment to convey the desired content effectively. Users can interactively call up information at any time with our latest slim design kiosks.

Interactive Tables : Premium Touch Screen Tables with HD / UHD Display, PCAP Multitouch Sensor & Object Recognition for Effective Interactive Digital Signage.

Interactive Smart Screen : High-end Intelligent Conference Device integrated High Quality Touch Screens, HD Display, Electromagnetic Pens and with Multiple Operating Systems for Choices.

Window Display : If you have got the message, ad or promotion, and the perfect window space too. We have the final ingredient, the ideal window display. Bright, Clear and Impossible to ignore.

WEATHERPROOF MIRROR TVs

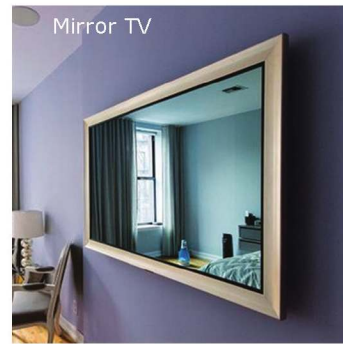

Choose one of our Custom Mirrored TV's, designed to add sleek and sophisticated technology into any room of your home or business.

ALL- WEATHER OUTDOOR TVs

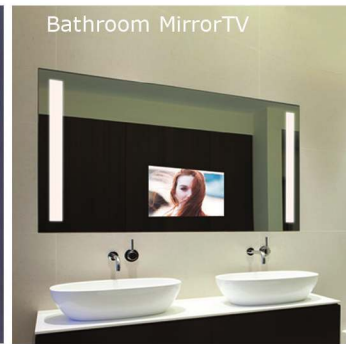

Designed for permanent placement outdoors, and capable of enduring harsh climate conditions, our outdoor displays provide an optimum viewing experience for any outside commercial venue.

LASER PHOTONIC DISPLAYS

The technology uses Photonic metamaterial embedded with unique nano particles that creates very high resolution optically enhanced photonic surface which can display crisp & clear picture from an ordinary projection source without using any film, power or electronics connected to photonic surface.
